PROFESSIONAL SUMMARY

Results-driven MERN Stack Developer and Computer Science student at the University of Embu with hands-on experience building scalable full-stack web applications using MongoDB, Express.js, React, Node.js, Django, and Spring Boot. Skilled in REST APIs, WebSockets, responsive UI development, and AI-assisted software engineering. Proven leadership in collaborative software projects and recognized as the best graduating student in the Ethical Hacking Track at TechCrush Cohort 5. Passionate about solving real-world problems through innovative and secure technology solutions.

TECHNICAL SKILLS

Languages: JavaScript, Java, Python, SQL, HTML5, CSS3

Frontend: React.js, Bootstrap, Tailwind CSS, Responsive Design

Backend: Node.js, Express.js, Django, Spring Boot, REST APIs, WebSockets

Databases: MongoDB, MySQL, SQL

Tools & Platforms: Git, GitHub, Vercel, VS Code, Postman

Other: AI for Software Engineering, Cybersecurity Fundamentals, Agile Collaboration

EXPERIENCE

HexSoftwares — Full Stack Developer Intern | Dec 2025 – Feb 2026

- Developed and maintained responsive MERN stack web applications.
- Collaborated with developers to improve backend APIs and frontend performance.
- Integrated real-time communication features using WebSockets and Socket.io.
- Participated in debugging, testing, and deployment of production-ready applications.

PROJECTS

Soil Health Analyzer — Built an AI-powered MERN application that analyzes soil compounds such as nitrogen levels and recommends suitable crops while providing real-time weather updates based on location.

ShambaSphere — Led a team of four developers in building an agritech platform connecting farmers, buyers, and agricultural advisors using Django, JavaScript, SQL, HTML, and CSS.

Chat Application — Developed a real-time messaging platform using React, Node.js, MongoDB, and Socket.io with instant communication features.

Notes App — Built a secure MERN-based notes management system with user authentication and CRUD functionality. Live Demo: new-notes-app-beta.vercel.app

Hospital Admin Dashboard — Developed a modern responsive hospital management dashboard using React and Tailwind CSS. Live Demo: hospital-dashboard-kappa-taupe.vercel.app

EDUCATION

University of Embu — Bachelor of Science in Computer Science
2024 – 2028

CERTIFICATIONS

- Software Development (MERN) — Power Learn Project
- Ethical Hacking — TechCrush
- Cybersecurity — TechCrush
- AI Fundamentals — IBM
- Web Development — eMobilis
- Diploma in Cyber and Cloud Security — Transformation College
- Web Development Fundamentals — IBM
- Python Programming — Kaggle

ACHIEVEMENTS

- Best Graduating Student — Ethical Hacking Track, TechCrush Cohort 5
- Led an award-recognized school programming project focused on solving agricultural challenges through technology.
